Knippa Man First Candidate for State Representative

Niemeyer of Knippa, born Uvalde County, has announced his candidacy for State Representative in the 17th District, subject to the action of the Democratic Primary.

Last week Dolph Briscoe announced that he would not be a candidate for the office he held for the past eight years. Graduate of Knippa High School and Southwest Texas State University, San Marcos, Niemeyer has done post-graduate work at the University of Texas at Austin.

Niemeyer is interested in civic and social affairs, he is the present president of the Knippa School Board and was first president of the Knippa Lions Club when it was organized. He is a Mason, member of the O. E. S., and a member of the FFA.

At the time he served as chairman of the Agricultural Stabilization and Conservation program for the county and is now serving as the ASC State Review Board member.

When a year's school experience includes serving as teacher, school principal and superintendent of large and small schools, he is well qualified for the position of State Representative and promises to be a good and just politician.

More X-Ray Checks In County This Year

The Medina County Health Unit has announced that 39 more people were X-rayed this year in the county than last year, according to a final tally of all towns where the portable unit from the State Health Department was set up.

Hondo registered 1,578 persons, Devine had 841, Natalia had 275 and Castroville, 951.

Marjory Schott, R. N., County Health Nurse, expressed her appreciation to the chairmen in the four towns in the county and to the ladies who registered the people.

The State Program carries on an extensive mass X-ray survey program to detect tuberculosis in its early curable stage. These mass surveys not only discover that disease but certain heart conditions, cancer and other abnormalities in the chest area.

The X-ray program plus advancement in methods of treatment, surgery and antibiotics all have contributed to lowering the death rate and returning victims of tuberculosis to useful occupations.

Last year for the first time since the Texas State Department of Health began keeping records of the cause of death, tuberculosis did not appear in the list giving the ten leading causes of death. Dr. Henry A. Holle, Commissioner of Health reports that tuberculosis dropped from tenth place to eleventh and

The Hondo FFA Chapter will hold its 20th Annual Parent and Son Banquet, Monday, April 30th. One feature of this banquet will be recognition of one or more members of each of the 20 classes of Vocational Agriculture since the department was organized by C. D. Sadler in 1935-36.

Sadler will give a report on the organization of the department. He will also tell of some of his former students and the type of work they are now engaged in.

Other features of the evening will be reports on contest and other FFA Activities, special musical numbers by four boys, and special recognition of some former members.

Tommy Koch will give a history of the Hondo FFA Chapter. There is almost every profession or business represented by the former FFA members of Hondo High School.

The Chapter has been feeding chickens donated for the main course of the barbecue supper. The different committees are working to try to make this banquet one to be remembered for several years.

Recreation Director To Be Picked May 3

Last call for applications for the position of summer recreation director is out, as the deadline is Tuesday, May 1. Those who are interested in applying for the paid position should make application to L. E. Pope, Hondo, as the board of governors will select the director on May 3.

Volunteer workers will also be needed to help the director carry out various programs, and a number of them are needed.

Two Women Gored By Young Cow

NATALIA — Mrs. Henry Sissen was attacked and gored by a young cow belonging to Pearl Southerland recently, and the wound required about 50 stitches to repair. She is doing very well at this time.

The same cow attacked Rebecca Terrell and gored her about six weeks ago. This wound also required many stitches to repair.

Six Natalians Win In County

NATALIA — Six 4-H Club members from Natalia took top honors in the County and will compete in the District meet to be held in Alice on April 28. Those winning from Natalia are Beverly Flack and Sonia Pruitt, Electric; Larry Stanfield and Barbara Thompson, Safety; George Keith and Brenda Vance, Share-the-Fun. Other winners from over the county include Mary Griggs, Castroville, public speaking; Capri Granieri, Mico, and Mary Mangold, Castroville, marketing.

The county tractor contest will be held Saturday and the boy winner, plus the four highest in the Soil Evaluation Contest, will also compete. Seven counties in District 12 are entering the Electric Contest, seven the Safety, eight the Share-the-Fun, eight the Public Speaking, three production and marketing, thirteen the Soil Evaluation and seven the Tractor Operators.

Services Held Monday For Mrs. Hitzfelder

Funeral services were held Monday, April 23, in Our Lady of Grace Church in LaCoste for Mrs. Adolph Hitzfelder, 66, who died Saturday morning, April 21, 1956.

Mrs. Hitzfelder was the former Pauline Ahr. She moved to Medina County from Bexar County after her marriage.

Survivors are her husband, one son, Leo Hitzfelder of LaCoste, and six daughters, Mrs. Alex Hutzler and Mrs. Edward Bohl of LaCoste, Mrs. Oscar Tschirhart of Devine, Mrs. F. J. Becker, Macdonia, Mrs. Joe Graff, Dallas, and Mrs. Wilton Schott of Mico. She is also survived by twenty grandchildren and one great-grandchild.

Rosary was recited Sunday night and interment was in Our Lady of Grace Cemetery, the Reverend Armand Weber officiating.

Pallbearers were Edward Bohl Jr., Franklin Bohl, Lesley Tschirhart, Leon Schneider, Ervin Hitzfelder and Walter Ettles.

Two To Receive Monthly Aid

Two additional citizens were added to the county aid list on April 9 when the Medina County Commissioners met for their regular session in Hondo.

They are Refugio Dominguez and Petra Ramero, each to receive \$10 monthly until further order of the court.

The application of O. L. Saathoff to use the county equipment in doing some terracing work on his farm was approved.

The court canvassed the election returns delivered to them from the county school trustee election and found the following results: Precinct 7, D'Hanis, for county school trustee at large, C. D. Sadler, 4 votes; and for county trustee precinct 3, Hilmar J. Koch, 19 votes.

Local Polio Chapter Gets National Money

A check for \$3,675.00 has been received by the Medina County Chapter of the National Foundation for Infantile Paralysis to provide financial aid for local polio patients. It was announced today by C. F. Schweers, Chapter Chairman.

Uvalde Boosters To Appear Here

Western music and entertainment is in store for Hondoans on Tuesday, May 1, when a caravan of Uvalde Centennial Boosters will arrive at Court House Square at 9:30 a.m.

The caravan is bringing a western band and will entertain for about 30 minutes, according to Mrs. Winnie Braden, secretary of the Chamber of Commerce.

D'Hanis Baby Buried 12th

Funeral services were held Saturday, April 14, for Thomas Crawford Finger, infant son of Mr. and Mrs. Thomas H. Finger of D'Hanis.

Born November 29, 1955 in Medina Hospital, the little boy died on April 12, 1956 in Santa Rosa Hospital in San Antonio. Final rites were held at Holy Cross Church with the Rev. O. B. Kohlich, officiating.

Survivors include the parents and a sister, Molly.

Howard Requests Extension Of Cotton Date

In a letter to John C. White, Commissioner of Agriculture, Jerry Howard, president of the Medina County Farm Bureau, requested an extension of the cotton planting date in this county from May 10 to May 25. Howard gave as his reason the fact that some farmers intend to plant cotton if sufficient rains fall before May 25.

The county bureau directors will meet May 7 at 8 p.m. in their office at the court house. Dee R. Knox, area supervisor of services, will be present.

BILL WOOD UNDERGOING MEDICAL TREATMENT

Bill Wood is undergoing medical examination at Brooke General Hospital in San Antonio. He entered the hospital Monday.

Jack Schotts Bombarded

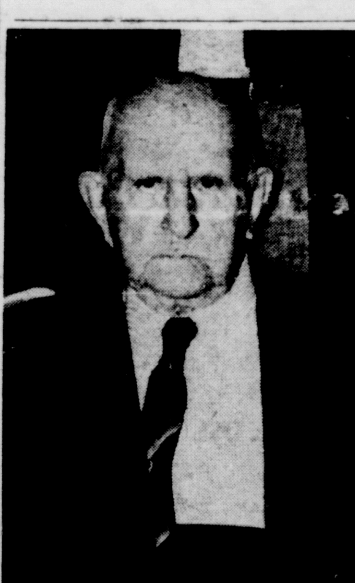

By Mrs. Adolph Hutzler, Capistrano can have its swallows, according to Mr. and Mrs. Jack Schott of Devine. They came to this decision after a flock of the much publicized flying feathers swooped down the fireplace chimney for a visit last Tuesday.

Estimating the number of birds at between 200 and 300, Schott had a hard time convincing friends and neighbors that he seriously needed help to get rid of the pests. Finally, Mr. and Mrs. Willie Schott and Mr. and Mrs. Jess Goslin of Devine came to the rescue.

After the battle, in which eighty birds fell victim to swats and grabs, the winning force sat down to take a breather. Hearing a cheeping sound coming from one of the big arm chairs, they turned it over, and dragged out six birds from the springs. Another search in the same chair brought four, then two more birds.

The Schotts have definitely decided that bird watching is strictly for the birds, and they don't intend to take it up as a hobby.

Area Exceeds Quota For Cancer Crusade

The Cancer Crusade in Medina County over-subscribed its 1956 quota of \$1500 in a concentrated drive last week, according to Mrs. Jake Schuehle, County Crusade Chairman.

With a few communities yet to be reported, O. J. Bomba, Treasurer of the County Unit has received to date \$1554.45.

"The results of the Crusade are gratifying," stated Mrs. Schuehle, "and credit for this success must go to the work of the committees and volunteer workers throughout the County who thus helped to strike another blow against cancer."

"Thanks to the generosity and understanding of the people of Medina County, our ACS Unit has been able to do more than its share in meeting the Society's nationwide goal of \$26,000,000," added Mrs. Frank X. Vance, County Chairman.

"Sixty per cent of the funds collected here will remain with our State Division in Medina County for community cancer-control programs."

She pointed out that contributions to the Crusade would continue to be accepted, and urged all those who missed the opportunity to give last week to make their donations at the Cancer Society's local Unit headquarters, the Jake Schuehle Ford Garage.

SALVATION ARMY SETS DATE

The Medina County Salvation Army unit has set its 1956 fund drive for the week of May 21, according to Jack Fusselman, chairman. Leaders will be announced later.

Spirits were brighter around Medina county this week as the rain reports proved once again that moisture can fall once in a while.

The best report of all came from the Chadwick Ranch about ten miles southwest of Hondo, where Mrs. W. R. Holmes Jr., wife of the foreman, told us that they got 6.75 inches Monday stretched over a three or four hour period. They had no thunder or lightning, and no wind to speak of, just a steady downpour.

Tanks on the ranch are filled higher than they ever have been since their construction, and grain which was planted will be greatly helped. They plan to plant more crops now.

Adjoining Chadwick's place is the T. A. Duderstadt ranch, and there the tanks were filled from a very beneficial 2.3 inch downpour. South of Yancey, however, a much lighter rain was recorded and some spots got almost none.

Jake Schuehle's ranch, also near Chadwick's, received .90, and the Kinchloe prairie west of D'Hanis received a trace. Devine registered .4, according to L. C. Martin, while the area south of there, around Pleasanton and Poteet, got five inches. LaCoste reported .4 of an inch, and Adolph Hitzfelder turned in a .3 report, which he said did not help crops to any great extent. Nearby areas got even less, said Hitzfelder.

At Elstong 1.75 inches of rain came too late to save corn which E. W. Brucks had planted.

North of Hondo Bob DePuy's ranch received half an inch, tapering off to a quarter at the north end, and Fabian Garrison reported about a third of an inch. Both are north of Hondo.

Hugo Batot's place south of Hondo got five inches, and Ed Stiegler registered 4.30. Toby Taylor got 4 inches, and Fritz Bohmfalk received 3. Robert Riff measured between 1 1/2 and 2 inches, and none fell on the Walter Britsch place.

Russell Chapman said in Hondo Wednesday that little seed has been sold since the rain, and that he believed most farmers were going to see what could be done by crops now in the ground. More rains later on might encourage some to replant, he said.

Quini Area Quini reports mentioned 2 1/2 inches, and New Fountain got three. William Huegele's ranch had 2 inches, and A. J. Graff says the 1.80 he got will help the corn he had planted, although there is only a sparse stand.

Hardy Furniture Observes Tenth Anniversary

One of Hondo's largest business firms is observing the 10th anniversary this week. W. T. Hardy started a furniture store in Hondo in 1946, shortly after his release from the army. It began as an upstairs venture above G&M Food Store, where the Hondo Lions club now meets.

The business soon grew, was transferred to a larger location on a ground floor rented building, and in still another move, Hardy built his own building where he is now located.

Prize Winners In Local Judging

ANNUAL SOIL AND GRASS judging contest was held Wednesday, April 26, for all schools in the Medina Valley Conservatic District. The Hondo member of Commerce furnished banquet to the top teams.

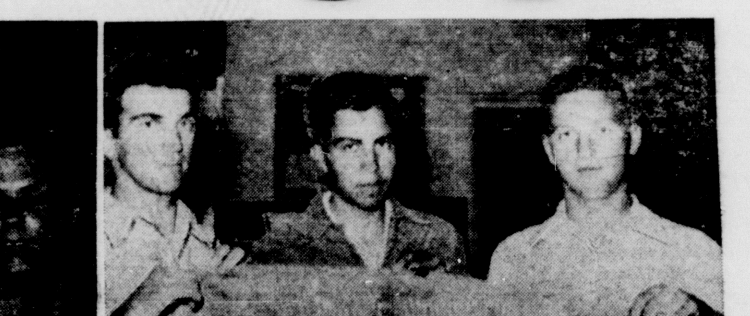

CASTROVILLE registered second in grass judging, with the team made up of Mariano Garza, Temple Mangold and Colvern Huegele.

CASTROVILLE WAS third in soils judging, and the team consisted of Kenneth Bendele, Bob Bayer and Rodney Mangold.

HONDO'S GRASS judging team was made up of Fred Wright, Leonard Saathoff and Charles Muennink. Wright was high man with 188 points out of 240.

D'HANIS was second in soil judging, with Joe Langfeld, John Rodriguez and Floyd Lutz. Langfeld got 365 points out of a possible 450 in competition.

Air Force Man In Hondo Each Tuesday

T-Sgt. Lee R. Rankin, the Air Force Representative in the Hondo community stated that the U. S. Air Force is constantly putting greater stress on procuring young men with aptitudes for mechanics, electronics and other engineering fields. Young men with the ability and aptitude to train in these fields can acquire training through technical schools and on-the-job-training that will be invaluable to them in civilian industry after their Air Force enlistment.

Contact Sergeant Rankin who will be at the Post Office in Hondo every Tuesday between the hours of 11:00 and 1:00. He will gladly explain how an investment in the Air Force will help a young man get his active military obligation over in the shortest period of time and in addition how he can receive this technical training plus a minimum of two years of residence college credits.

Military Reserve Program Seeks Consideration Of Young Men

AUSTIN — "Now is the time for all good men to come to the aid of their country." These familiar words are particularly applicable to the young Texans of today, says Major General Lewis S. Griffing, Chief of the Texas Military District.

"The Armed Forces Reserve has a program whereby all qualified young men can come to the aid of their country," General Griffing explained, "and with the least interruption to their civilian careers."

General Griffing, speaking in connection with Military Reserve Week (April 22-28), pointed out that the U. S. Army is implemen-

ting a program designed especially for the youths of America. This program permits a young man to fulfill his military obligation while completing his education or working at his civilian job.

Here's the way it works—he joins a Ready Reserve unit or a National Guard unit. He can finish high school (if he doesn't reach the age of 20 first), then go on six months active duty for training. He is then prepared for his Ready Reserve service.

Normally he will have 7½ years left. During this 7½ years if he trains satisfactorily, he will not have to worry about a draft call. In most instances he can train with a unit right in his own home town. The only time he is called away from home is for two weeks each summer to attend training camp. All of this is designed to interrupt, to the very smallest degree, his higher educational pursuits or his civilian occupation.

"Every young Texan should think very seriously about his future military obligation," General Griffing pointed out. "If he doesn't, Uncle Sam is likely to point a finger at him sooner or later. He should consider this program from a standpoint of how it benefits him as an individual. But most important of all he should consider it from a patriotic point of view."

The Army will pay him for his military training and at the same time prepare him to defend his country in the event of an emergency.

Military Reserve Week, April 22-28, has been designed especially to present the provisions of this program to young men and their parents. This special drive has been endorsed by the president and is supported by many active civic and veterans organizations in Texas. They understand and see the immediate need for

a strong and ready reserve. "Now is indeed the time for every young Texan to come to the aid of his State and his Country," General Griffing concluded.

TELEPHONE TALK

by Claude Lovett, Manager

SUN POWER

Probably all of us can remember flashing messages with a mirror on a bright, sunny day. Or maybe you burned holes in dry leaves.

Well, we were all using "sun power." A simple form of it, yes. But it was still power from the greatest source of energy man has ever known — the sun.

For years, we've been reading about how men have been trying to capture and put to work the sun's energy. And telephone scientists, just in the past few months, have come up with the first workable device to do the job. It's called the Bell Solar Battery.

Believe it or not, the heart of the Bell Solar Battery is common, ordinary sand. From this sand, silicon disks are made which can convert sunlight into electrical power.

How will the Bell Solar Battery affect your telephone service? Really, we don't know yet. But right now, an experimental installation of solar batteries is supplying power on rural telephone lines in another part of the country. This experiment may give us some answers.

Regardless of the future of the Bell Solar Battery, it is already proof of one thing. Telephone scientists will go to any lengths to find ways of improving your service.

This time they've even brought the sun into the act.

The Miles Flash By

When you pick up the receiver of your telephone to make a Long Distance call, you're turning hours or days into seconds.

That's because a Long Distance call puts you in touch almost instantly with friends or relatives in a distant city.

As well as being the best way to keep in touch any time, a Long Distance call is also a happy thought for a special occasion — such as a birthday, anniversary, wedding, or just a family get-together. You can talk as long as you like because Long Distance rates are low, especially if you call station-to-station. Remember, also, to call by number. Your calls will go through twice as fast.

Welcome Mat Is Out

From time to time, individuals or groups stop in at the telephone company to learn how we do things — and to see what's behind their telephone service.

If you'd like to do the same with friends or a business or social group, just call me. I'll be happy to plan a visit for you.

Call by number. It's twice as fast.

Under Present Circumstances

Lawmakers Like Briscoe Are Mighty Hard To Find

It is with sincere regret that we see Dolph Briscoe Jr. decline to run for office again. His eight year term in the state legislature as representative from our district has been completely free from any hint of scandals which have blighted the careers of many a Texas politician during the last couple of years.
He has served this district well, working diligently for those laws which he felt would benefit the majority of the people and striving just as hard to defeat proposed legislation which did not seem to benefit the people as a whole but which had selfish interests as their basis.
It is difficult to find men of his caliber in the house of representatives.
One proposal which would help greatly along this line would be to establish an annual session of the Texas Legislature and set an annual wage for members of the Legislature. The Legislature now meets in regular session only once each two years and then is scheduled for only 120 days. The time element frequently does not allow sufficient time to study carefully the tremendous amount of legislation introduced at each session, and the present pay scale cannot hold men of higher caliber in the Legislature. The compensation should be sufficiently adequate to attract and keep qualified citizens desiring to serve their state in the House and Senate regardless of their personal financial status.
Ten states now have annual sessions and the matter is under serious consideration in 20 others. Texas should join those interested in overhauling their outmoded legislative procedures.
Texas needs more lawmakers like Dolph!

The Money You Never See --

Thurman Sensing of the Southern States Industrial Council suggests that the major reason why people don't realize how excessively expensive government is lies in "the fact that they never see the taxes they pay."
This is because most or all of the federal income taxes paid by the majority of workers are required to be withheld by the employer, who turns them into the Treasury. The worker never sees the money and so doesn't realize he didn't get his full earnings.
Thus the device of the withholding tax may indirectly encourage government waste and extravagance. It's certain that people would have a very different picture of affairs if they had to personally turn over their full taxes to the tax collectors.

Hondo Boy Conducts District FFA Banquet

The Revaldina FFA District held its Fifth Annual Banquet in Sabinal Tuesday night and Clyde Bohmfalk, District president, was toastmaster at the "Down Mexico Way" affair.
The Sabinal FFA girls had arranged the banquet on the lawn of Sabinal High School. Spanish Dancers and other typical Mexican scenes were used around the border of the banquet area. Three Spanish Dances were presented as entertainment. The menu was typical Mexican supper.
Donnie Neumann gave a report on District Contest and other activities for the past year. The Uvalde FFA Sweetheart, Miss Sue Ann Stokes was selected as District FFA Sweetheart. Jimmy Putman of Natalia was the winner in Public Speaking Contest. S. V. Burks, head of the Agricultural Education Dept. at A. & I. College, was the speaker of the evening.
Boys and dates attending from Hondo were as follows: Clyde Bohmfalk and Mary Lu Moos; Ray Highsmith and Sara Moore; Donnie Neuman and Berta Fasel; Bobby Moos and Ann Taylor; Butch Smith and Rita Hoffman; John H. Meyer and Ruthie Crow; Charles Zuberbuehler and Barba Clements; and Mr. and Mrs. John E. McAnelly.
Jude Haass was a member of the Masonic Lodge of Hondo, the Woodmen of the World, Sons of Herman, Quili Gun Club, and President of the Hondo Cemetery Association. He also served as ex-officio Superintendent of Schools, and later was on the Hondo School Board, serving as President, which he recently received an award pin. He was also a past President of the Hondo Chamber of Commerce.
On August 10, 1923 he married his second wife, Mollie de Montel, who survives him. In addition to his widow, he is survived by his two daughters, Mrs. Roy A. Knorr, four grandchildren, Mrs. Ada Masters, Mrs. Fay McCartney, Roy H. Carter, and La. Lynd J. Carter, and six great-grandchildren.
He was preceded in death by one sister, Mrs. William Edgar, in 1948 and one brother, Henry V. Haass, who died Dec. 19, 1952.
Following the above brief recital of the main events of the deceased's life by the present pastor of his church, his former pastor, Rev. M. J. Loring, delivered a most beautifully worded and appropriate funeral oration in which he paid sincere tribute to the deceased's character as a man and citizen, his ability and trustworthiness as a public servant, to his fidelity to his faith and to his usefulness to his church; he was one who helped establish St. Paul's Lutheran church in Hondo, being a charter member of the organization and an active supporter throughout the active years of his life.
We regret that a copy of the sermon is not available for incorporation here; it was extemporaneous in Rev. Loring's masterly way, hence not available in manuscript for inclusion here.

PAYS TRIBUTE TO A DEPARTED
FRIEND AND LONG-TIME
BELOVED AND USEFUL CITIZEN

JUDGE HERMAN E. HAASS
In the passing of Judge Herman E. Haass, whose death at 1:30 Wednesday afternoon, April 18, 1956, as recorded in this paper of April 20th, Hondo and Medina County loses one of its oldest and withal most useful and best beloved citizens.
Possessed of a robust physique and a vigorous, active mind, his family and friends had watched and sympathized as they noted his slowly failing strength over a period of many sad and weary months.
Gradually he grew weaker and death came to him more like a falling to sleep than the pall of death; "sustained and soothed by an unflinching trust," long fixed and nurtured by upright living, death held no terrors, and of him it may be said, he went—"Like one who wraps the drapery of his couch about him and lies down to pleasant dreams!"
Funeral services were held at 3 p.m. Thursday—the Lutheran Church and the Masonic Lodge, both of which organizations he had been a long time active and useful member, participating.
Following a brief service at the Horder funeral home, the cortege repaired to the St. Paul's Lutheran church where a most beautiful and touching service was conducted according to the rites of the church which had been his choice over his many active years of life.
His beloved pastor, Rev. K. Windecker, recited a brief summary of the life of the deceased in a most appropriate and sympathetic manner.
By his kind permission, we repeat it in part here, as being most appropriate, and more fitting than what we might write.
Herman E. Haass was born December 22, 1886, in Castroville, Medina County, Texas, the second son of Valentine Haass and wife, Aalka Gerdes Haass, both German-born emigrants among the pioneer Castro colonists.
He grew to young manhood in Castroville, where he received his boyhood schooling and was brought up in the Lutheran faith. He was a charter member of Hondo's St. Paul's Lutheran Church.
After teaching school near Castroville in the years 1886, 1887 and 1888, he received his license to practice law June 4, 1890.
He was married to Lisetta Renken on October 25, 1893. Of their marriage three children were born: Sylvia, now Mrs. Roy A. Carter, Edgar Haass, who died on June 20, 1920, and Irene, wife of Walter H. Knorr, all of Hondo. Mrs. Haass died July 16, 1922.
The deceased was owner and editor of The Anvil, in Castroville, from 1890 to 1894. He was elected County Judge of Medina County on November 13, 1894, and held that office until November 1914. In 1930 he was elected County Attorney, which office he held until 1938.
In addition to his many other activities, he served as weather observer from 1885 and as U. S. Co-operative Weather observer from 1889, for which service he was awarded a 50-year pin by the Weather Bureau.
The Medina County Abstract Company was started by Judge Haass, who was co-owner with Mr. Emil Britsch until sold in 1945.
Judge Haass was a member of the Masonic Lodge of Hondo, the Woodmen of the World, Sons of Herman, Quili Gun Club, and President of the Hondo Cemetery Association. He also served as ex-officio Superintendent of Schools, and later was on the Hondo School Board, serving as President, which he recently received an award pin. He was also a past President of the Hondo Chamber of Commerce.
On August 10, 1923 he married his second wife, Mollie de Montel, who survives him. In addition to his widow, he is survived by his two daughters, Mrs. Roy A. Knorr, four grandchildren, Mrs. Ada Masters, Mrs. Fay McCartney, Roy H. Carter, and La. Lynd J. Carter, and six great-grandchildren.
He was preceded in death by one sister, Mrs. William Edgar, in 1948 and one brother, Henry V. Haass, who died Dec. 19, 1952.
Following the above brief recital of the main events of the deceased's life by the present pastor of his church, his former pastor, Rev. M. J. Loring, delivered a most beautifully worded and appropriate funeral oration in which he paid sincere tribute to the deceased's character as a man and citizen, his ability and trustworthiness as a public servant, to his fidelity to his faith and to his usefulness to his church; he was one who helped establish St. Paul's Lutheran church in Hondo, being a charter member of the organization and an active supporter throughout the active years of his life.
We regret that a copy of the sermon is not available for incorporation here; it was extemporaneous in Rev. Loring's masterly way, hence not available in manuscript for inclusion here.

Following conclusion of the church service, the funeral cortege repaired to that sad but beautiful city of the dead, Oakwood cemetery, where interment was made in the family plot in the Woodmen of the World section.
Here interment was made under the auspices of the Masonic Lodge of which order he had been an active member since his early manhood, having joined the local Hondo City Lodge No 756 in its early days and when the membership was small.
He served it faithfully for a period as its secretary and watched its growth with pleasure.
He, in so far as we have knowledge, was the oldest member of the lodge at the time of his passing and had been the first of the membership to receive the coveted 50-year Masonic membership jewel which the lodge bestowed upon him several years ago.
In the final services, he was attended by Brothers: O. B. Taylor, F. M. Davis, Ralph de Montel, Ben Oefinger, Oreneth Fly and James House as active Pallbearers, with all present and past County Officials and the members of the Medina County Bar Association being recognized as honorary pallbearers.
Brother Wm. Muennink conducted the grave-side ritualistic service as Worshipful Master in his usual efficient and masterly manner, comforting us all with the assurance that "through the mercy of God, we may confidently hope that our souls will blossom in eternal Spring."
The services were attended by a large concourse of sorrowing friends and the expressions of sympathy were many and sincere, a sad but sweet consolation to the sorrowing family and loved ones.

A PERSONAL NOTE

With the above, the writer to the best of his ability and under the most trying circumstances ever experienced, renders a service requested of him by the deceased and promised him several years ago.
Never have words seemed so inadequate, but we can not close this feeble tribute without the statement that we have lost one of the best and most helpful friends we ever had.
When the writer arrived in Castroville in the spring of 1896, a sick boy, a stranger among strangers, and almost friendless and penniless, Judge Haass became his friend when friends were indeed needed.
As Ex-officio Superintendent of Schools by virtue of his then position as County Judge of Medina County, he helped rekindle the dwindling sparks of ambition and hope with his encouragement and help to us in our entering the profession of teacher.
Under his supervision and help it was easy to carry on—the work was a pleasure.
Then later, as intermediary between his father, the late Valentine Haass and this writer he helped negotiate the sale by his father to the writer of The Castroville Anvil, thus bringing to him in a measure, his boyish dream of becoming a journalist.
The rest of that story is written in the files of this paper and needs no other elaboration here further than to say that through the years that have passed he was ever helpful wherever and whenever he could be with loyal support, wise advice and helpful counsel, all of which was of inestimable help over the years, and for which we acknowledge a debt of gratitude beyond our ability to ever repay.
His consideration and helpfulness to this writer, was characteristic of the man.
"To do good is my religion." I heard him say, without disparagement to other attributes of his faith.
He lived that religion!
What better tribute could we pay to his life and character? What could afford more consoling memories?

DUNLOP TIRES

Proven Safety at 403 M.P.H. Means Extra Safety For You

No trick torture tests can reproduce the gruelling conditions that John Cobb imposed on tires when he established the present world's land speed record.

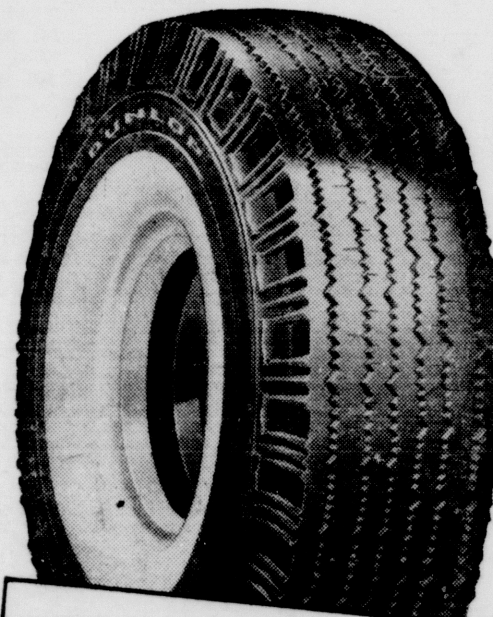

In setting the record, Cobb made an officially timed run at 403 miles per hour, using Dunlop Tires.

No other tires have proved capable of withstanding the tremendous strains created by actual 400 mile-an-hour speeds.

The experience gained by Dunlop in developing special tires to meet these extreme conditions is reflected in every Dunlop Tire today.

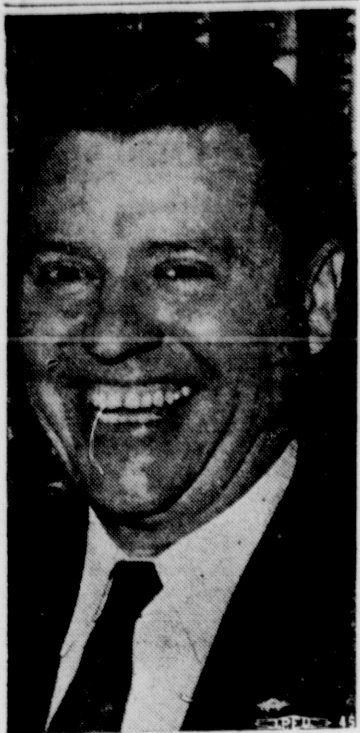

DUNLOP TIRES CAN TAKE IT

You and your family can ride on Dunlop Tires secure in the knowledge that they are the world's safest tires. For greater tire strength, longer tire life, quick steady stops on wet or dry pavement, better control on curves, and all around safer, more economical driving, see us for Dunlop Tires of Quality.

Yarborough Announces

Ralph W. Yarborough of Austin, pledging to "build a structure of morality" in state government, has announced his candidacy for the Democratic nomination for governor of Texas.

Yarborough announced a platform of progress including water conservation, drought relief, higher old age pensions, improved schools with adequate teacher pay and adequate retirement pay, a adequate classroom space, a youth development program, a juvenile delinquency program based on "broad general humanitarian principles." He said he would take his campaign in person to the people in every corner of this great commonwealth.

Yarborough made his announcement simply, to the press, in contrast to the statewide radio and television broadcasts of other gubernatorial contenders. "Humbly I accept," Yarborough said, "the commission of duty you have given me in tens of thousands of messages. . . to lead the fight for the good name of Texas."

"The people of Texas want a new state government, free of entangling alliances and partnerships with the outgoing administration. Texas wants a state government free of the policies of the past and capable of independent action."

Yarborough added: "I pledge the people of Texas the restoration of honor, integrity and dignity in their state government. 'To every one of the 683,132 Texans who voted and worked with us in the hard campaign of 1954, I extend my thanks and gratitude. I urge each of you, and all Texans who believe in the triumph of honesty and morality, to join us in this crusade for a new administration in Texas.'"

SECO PHILOSOPHER COMES

Up With Novel Plan For Getting Rid Of Embarrassing Farm Surplus

Editor's note: The Seco Philosopher on his Johnson grass farm discusses the farm surplus problem this week, without making any noticeable dent in it. Dear editor:

As I understand the farm problem, prices are lower than they used to be because of the surplus.

Furthermore, the way I understand it, the surplus is owned by the government, and as long as the market is aware of that surplus, what a farmer gets for what he grows this year is liable to be affected.

Therefore I have been thinking about the problem off and on for the last few weeks, on the theory that whatever this country has, it hasn't got a surplus of thinking and even if it did the amount I do wouldn't contribute to the total very much.

I have read all the suggestions I could find for eliminating the surplus, including one that Congress pass a law abolishing it and the newspapers stop mentioning it, but so far none of them seem very effective and the situation remains the same: the government can't afford to give the surplus away and on the other hand can't afford to keep it, and if it sells it it'll depress prices worse than ever.

But here's the thing: this is an age of scientific experiment, and why can't the government use the surplus to experiment on? As I understand it, in a few weeks the government is going to spend 75 or 80 million dollars experimenting with some new hydrogen bombs, setting them off to see what happens. In previous tests of this kind, bombs

have been set off to see what effect they'd have on different type houses, refrigerators, bedsteads, dummies, etc.

Has it ever occurred to you that the government hasn't yet experimented to see what effect an atomic explosion would have on a hundred million pounds of butter?

How would a warehouse full of wheat stand up a mile from point zero? Two miles? Three miles? All over the area? Does fall-out affect the quality, staple length, etc. of cotton?

Here we've got all this surplus stuff stored and nobody knows how it would stand up in an atomic raid. Why doesn't the government haul about half this surplus out to the Pacific or wherever the spring tests are going to be made and drop some bombs on it, purely in the interest of scientific experimentation? If the tests are inconclusive, haul the other half out and try again.

If you don't think this suggestion has any merit, let's see what suggestions you have for getting rid of the stuff.

Yours faithfully,
J. A.

Makes Friends with the Meanest Roads

(Have you tried Buick's great new ride?)

THE SWEET WAY a '56 Buick rides on all sorts of roads is something you find nowhere else on wheels.

Capricious roads that twist and turn—unruly roads that rock and roll—tired roads, battered and beaten—they all seem to wear company manners the moment a Buick approaches.

Why? Simply because Buick comes with what it takes to put any road on its best behavior—the completely ride-engineered combination of chassis, engine and automatic drive that is obtainable in no other car.

And that's gospel truth whether you drive a new SPECIAL, CENTURY, SUPER or ROADMASTER.

No other car matches the firm, true tracking of Buick's own ride foundation—buttressed by brawny X-braced frame and torque-tube drive—cushioned on coil springs and deep-oil shock absorbers.

No other has such width of tread and length of

wheelbase within dimensions so trim and tidy that Buicks turn, park and garage more easily than smaller cars.

No other duplicates the assurance of steering, brakes and rear axle so precisely geared and gaited for the nimble handling that's a safety "must" in modern cars.

And certainly no other name plate promises the soaring sweep of power that wells from the big 322-cubic-inch V8 beneath every new Buick bonnet.

Nor does any other automatic drive put power to its car's rear wheels with the swift, unruffled pace of Variable Pitch Dynaflo—*—and that goes double every time you "switch pitch" for whip-quick, safer passing.

But why stop to count reasons—when results are what you're after? Wouldn't you rather really feel Buick's new "sense of direction" on straightaway, curves and corners?

Wouldn't you rather relax in supreme comfort while tooling this powerful performer over roads you always hated to travel?

Well, sir, we cordially invite you to drop in on us and do just that.

Make it this week, won't you? Sample the ride that has charms to win any old road—and get first-hand figures on prices that make Buick owning a more positive pleasure.

*New Advanced Variable Pitch Dynaflo is the only Dynaflo Buick builds today. It is standard on Roadmaster, Super and Century—optional at modest extra cost on the Special.

RELIGIOUS MISSION AT H. A. B.

Father Paul V. Maloney, of the Paulist Fathers, has been invited to conduct the Catholic Religious Mission at Hondo Air Base Chapel, beginning Monday, April 30. Chaplain William T. Kendrick, Base Chaplain, has announced.

Services are scheduled each evening at 7:30, and will consist of special prayers, sermon, and Benediction of the Most Blessed Sacrament. Mass will be offered each morning at 6:00, followed by a brief instruction.

Father Maloney is a member of the Paulist Fathers' Mission Band, which has its headquarters in Austin, Texas. Until September 1955, Father Maloney was pastor of St. Paul the Apostle Church, Los Angeles, the last six years. Ordained in 1937 in Washington, D. C., Father Maloney began his priestly career in Austin, Texas, and has been assigned to various posts, including mission work in the East. He served as chaplain of the U. S. Navy both here and abroad during World War II. In 1947 he founded the Catholic Information Center in Grand Rapids, Michigan.

A feature of the evening service will be the Question Box. All who attend the mission are invited to submit their questions about Catholic Faith and practice. These will be answered before the sermon.

Chaplain Kendrick cordially invites the public to attend all services of the Mission.

Seven counties in District 12 are entering the Electric contest, 7 the Safety, 8 the Share-the-Fun, 8 the Public Speaking, three production and Marketing, 13 the Soil Evaluation and 7 the Tractor Operators.

Rural Life Sunday
4-H Rural Life Sunday is May 6, and is observed by Church organizations throughout the Nation to emphasize the meaning of christianity in rural life. Since 1936 the Extension Service, thru 4-H clubs, has participated in the observance of Rural Life Sunday. Each 4-H club should furnish information to ministers about 4-H club work to be included in the sermons. Some 4-H members could help decorate the church, assist in ushering or in taking up the morning offering if it meets with the approval of church authorities.

April 29-May 5, is National Home Demonstration Week—Home Demonstration work is part of the Agricultural Extension Service program concerned with the home and the family. New research information in all phases of homemaking is brought to homemakers through specialists, home demonstration agents and local leaders. "Today's Home Builds Tomorrow's World" is the theme for this weeks national home demonstration observance. In Texas last year home demonstration clubs offered more than 40,000 homemakers opportunities to learn and use information to improve their homes and strengthen their family life.

Meetings Next Week
Saturday, April 28, district contest eliminations at Alice.
Monday, April 30, Judging Dress revue at Crystal City.
Tuesday and Wednesday, 4-H club work.
Thursday and Friday-Bi-District meeting in San Antonio, Texas.

Here In Hondo

Mrs. Imo Havies of Harlingen is here visiting M&M Ernest Dadds in their new home at 1404 25th Street.

Lt. Col. and Mrs. George Reinburg were guests of M&M H. B. Zachry Wednesday evening in SA. They attended the crowning of the queen in Municipal Auditorium.

M&M Phil Slavden visited relatives in Houston over the weekend.

Mrs. Ed Cameron has just returned from Champaign, Ill. after a four-month visit with her daughter and family, Maj. and Mrs. P. N. Dunham and sons, Larry, Bobby and Tommy. During that time she also visited her brother and his wife, M&M Chas. O. Wood of Lexington, Ky.

Sunday evening visitors with M&M Otto Wiemers and Meryle were M&M Benjamin Wiemers, Curtis and Kathleen, M&M Elbert Wiemers and Mrs. Katie Muennink.

A WRECK RECENTLY at the corner of 18th Street and Avenue O in Hondo sent one person to the hospital with head injuries and did about \$300 in damages to cars involved. Mrs. Billie Van Forrest of San Antonio was thrown against the windshield on the opposite side of her 1955 Chevrolet,

shown in the close-up picture above. The glass was broken in the rear window and the sides of the car dented. Mrs. Margie Rowlett Noller, driving a 1954 Pontiac, was not injured although the car she was driving had about \$125 damages.

Little & Pony League

A meeting will be called very soon to discuss plans for the Junior League to be held this summer, according to Cliff Sadler, League President. It is hoped that 2 or 3 Pony League teams, comprised of boys 13 and 14 years of age, will be formed this year too. The big problem will be finding enough Mgrs. to take charge of the teams. We urge the boys involved to start NOW asking last year's Mgrs. to take charge again, and to ask others to be Mgrs. A lot of help will be needed to run this fine program for the boys this summer. . . they deserve the help of the men!

THE HAB-RIO MEDINA SAT. NIGHT, MAY 6TH GAME HAS BEEN CHANGED TO THURSDAY NIGHT, MAY 3RD.
Monte Williams is doing very well with the University of Texas Freshmen baseballers, as we all knew he would. He got two hits against the A&M Fish the other day as the Shorthorns won 4 to 2.

And while speaking of Texas University and A&M, they have been out here again talking and keeping in touch with Angermiller Muennink and Schulte. The boys will probably make up their minds which school they want in the next few weeks.

Junior HI Baseball

The Jr. Hi. Owls got into the win column last week as they took a 9-4 game from Sabinal. Charles Stiegler did the 5 inning mound chore—it was his first assignment.

The Junior Birds had played three games prior to their Sabinal win against D'Hanis and were unable to break into the win column.

The leading Jr. Hi. hitters to date have been Cliff Sadler, George Brucks and Adolfo Schmidt. Charles Neuman and Butch Smith have hit the ball well at times too. Butch Smith, Adolfo Schmidt and Charles Stiegler have been doing the mound work.

Coach Bob Nations and his assistant, James McDaniel, have been forced to work out the Jr. Owls under bad conditions—no proper practice area available. The workouts have been strictly batting practice, for the play ground area is not suited for an infield workout. The new ballpark near the new school will be ready for summer use and for the Jr. Owls next year.

HAB Tromps Quihi

The HAB Falcons are creeping near the top of the Hwy. 90 standings. Last week they defeated Quihi 11 to 4 for their 3rd win in a row. Lefty Messersmith looked good on the mound—he will be with the Falcons all season. Howard Smith worked the final 3 innings. Big John Brose took a vacation from the mound and played leftfield and gave the HAB their 1st home run of the season.

Meyer and Ward did the Quihi pitching.

Ease Over Northeast

Last Friday the Owls rang up another district win—6 to 0 over outclassed Northeast. The game was called after 5 innings due to unfavorable weather conditions. Richard Schulte did the mound work and allowed only 1 pop-up hit over the 3rd baseman. Billy Neuman got the most solid blow—a line double off the top of the wall 330 feet away that a strong wind held up. Henry Balzen and Richard Schulte also came through with doubles. This made the Owl District record 3 wins and 1 defeat.

Owls Edge Edgewood

The Hondo Owls fumbled and stumbled thru the early innings Tuesday night in SA but managed to edge Edgewood 6 to 5.
Hondo errors and a 3 base hit gave Edgewood 5 runs in the 3rd. The Owls came back to win in the 6th on the strength of a 2 RBI line drive shot by Alvin Hartman.

Richard Schulte went all the way for the Owls as he chalked up his 1st win over Edgewood in 4 years. Richard allowed 6 hits. Hondo's ten hits were as follows: Billy Neuman 2, Alvin Hartman 2, Jug Wiemers 2, Henry Balzen 2, Wayne Balzen 1 and Richard Schulte 1.

HAB Golfer To Bandera

Lt Neal Dwyer of the HAB was invited to the Lost Valley Course in Bandera Tuesday to play a match with trick artist Count Yogi, and word has it that he made a very fine showing. In fact, he beat Count Yogi. Lt. Dwyer hits a real booming ball and shows lots of golfing promise.

Count Yogi did such things as teeing off an 18' tee and after the match gave out with a one hour trick shot exhibition.

Riley Invitation Tournament

The 1st tournament at the HAB will be run off soon—May 26th-27th. It will be the Earl V. Riley Invitation Tournament in honor of the man who got the wheels going for the HAB Course.

All local golfers are invited to take part, and qualifying rounds will be run off soon. The qualifying rounds will consist of two 18 hole scores which will be counted with the two 18 hole rounds played on May 26 and 27th of the tournament.

There will be prize money of course, and the prizes will be just as equal in all flights.

Golfing Talk

Another Sweepstakes was run off last Saturday at the HAB course. In this, each entrant puts up a dollar, the Club throws in \$10.00, and the top three scores take the prizes in merchandise. Fourteen (14) were entered and here are the results:

Handicap	Gross	Net
Jack Braniff	23	86
Captain W. S. Kaufmann	15	79
Harold Coleson	30	95
Don Ramsey	22	87

Braniff is a repeat winner and was good for \$12.00. 2nd place got \$7.50 while Coleson and Ramsey, in a tie for 3rd, split \$4.80.

Eight Hondo golfers, Joe Mitchell, Cliff Sadler, Capt. Bob Sizemore, Capt. Earl Guinn, Lt. Chas. Parker, Lt. Case, Bill Allen and Don Ramsey journeyed to Austin last Sunday to take part in the opening of the Bergstrom Air Base nine hole. Some 140 to 150 golfers took part in the "point tournament" opening. The golfers played in teams of 4 and each team tried to make points on this basis: an eagle gave 4 points, a birdie 3, par 2 and a bogie 1. The winning team got 102 points while 2nd place was 95. Joe Mitchell's team was close with 92.

About 12 Hondo golfers will take part in the Rosita, Mexico tournament this Sunday. We wish them luck and hope they make a good showing—and build fine relations so that all they come in contact with will enter the Hondo Tournament when it is held.

The recent fairway weed spraying was a fair success, killing about 60 per cent of the weeds. The fairways that need it, will be seeded soon. . . Joe Mitchell is out to make this one of the finest nine holers around—and he has the best wishes of a lot of golfers and the wonderful co-operation of TAI and the Military.

The Club House is getting well stocked with golf equipment—clubs, bags, etc. and now sharp caps with the Hondo monogram! And to end on the last verse of Grandland Rice's poem "The Duffer's Vicitude"—
It matters not the sacrifice
Which makes the duffer's wife
So sore.
I am the captive of my slice,
I am the servant of my score.

Building Permits

Five building permits have been issued since the City of Hondo passed an ordinance making listing of such permits a necessity.

Four of these are for additions and one is for construction of a home. They are:

Jack P. Heath, permit to build residence on 17th Street, approximately \$5,000 to \$6,000.
Mrs. J. M. Carr, house addition, approximately \$1,000.

Celestino Cuellar, Sunset Grocery addition, approximately \$2,000.

Marshall Saathoff, house addition, approximately \$700.
Melvin Barth, house addition, approximately \$1,500.

At the clinic there will be a question and answer period as well as a diagnosis of poultry brought in for observation. The public is invited.

Comets Win Three Straight

The Comets of St. Louis High in Castroville, pre-season favorites of the South Texas Academic League, seemed to be living up to expectations as they won three straight games recently, thus putting them in first place with a 4-0 league record. Their record for the season is 11-5.

Down St. Anthony's

Against the St. Anthony Yellowjackets, the Castroville boys pounded out a total of 16 runs on fourteen hits—one a bases-loaded homer by Justin Jungman. Cosmos hit a four-bagger for the losers. Lutz was able to coast to an easy victory, while his teammates were fattening their batting average off of Yellowjacket pitchers Pina (the loser) and Wick. Shortstop Stephen Haby got 4 for 5 while catcher Royce Groff had a perfect 3 for 3 at the plate.

Shut Out Peacock

The Comets found the Peacock Panthers a little harder to handle as the two battled for undisputed possession of first place. With the help of a couple of Peacock errors, the lads of St. Louis High jumped to a 3-0 lead in the first inning and that is the way the score read at the end of the game. Etter pitched the finest game of his career giving up only one hit and facing only 24 men in the seven-inning game. He also had 2 for 2 at the plate while Stephen Haby collected 2 for 4.

And St. Gerard's Too

Francis Lutz continued the Comet winning streak by pitching a three-hit shutout against the St. Gerard's Royal Blues. Meanwhile his teammates kept worry away by pushing across nine runs on seven hits and several errors. Lutz now has a 5-1 record for the season, making him the winningest of the Comet pitchers.

Overtake Braves
The Hondo Braves jumped off Hondo

to an early lead over Castroville Sunday but saw the margin gradually slip away and finally burst wide open as George Schmidt way-laid a Harold Schueers pitch over the seldom cleared right field wall for a 3 run home run in the 8th. Schmidt's HR gave Castroville a 9 to 8 lead which is all that was needed for the Indians to take home the victory.
Up until the 8th Hondo had held the lead—mainly on a big 5 run second innings as clean hits fell all over the place—they added 3 more in the 3rd—all off starter Billy Tschirhart. Ronnie Keller took over in the 5th and had the Braves on his hip the rest of the way. His fast ball was alive and his curve sharp. Jerry Muennink hit for the circuit in the 3rd for Hondo. Jerry got 2 hits, as did Richard Schulte and Harold Schueers to lead the Brave attack. Schmidt provided the big blow for Castroville while shortstop Haby got 3 for 5 as M. Tschirhart, R. Groff and Billy Tschirhart got 2 hits apiece.

Come-As-You-Are Party Becomes Hilarious Affair

A Come-As-You-Are party given by Mary Carr, Pat Whitney, Olive Kaufmann and Betty Hifler at the home of Marge Woodrum Wednesday caught many Hondo gals in rare form.

Held in the back yard at 1007 Ave. N, the party, which began at 9 a.m., took the form of a morning coffee. Centerpiece of the coffee table was a large can of soap powder placed by a big doll wearing hair curlers and surrounded by dirty doll clothes. Games were played and coffee and doughnuts were served.

Prizes went to Nancy Rush and Audrey Reinburg for the "costumes" they happened to be wearing when they were picked up for the party.

Others gathered by the hostesses were: Edie Schiavo, Pat Albritton, Sadie Kilmer, Connie Swanson, Reba Strickland, Nell Smith, Peggy Slayden, Nena Malone, Julia Kenney, Jane Davidson, Fan Leazenby, Dorothy Parker, Dot Gwinn, Betty Robinson, Avis Craggs, Marion Altman, Roselyn White, Meredith Stronhal, Beth Baker, Marge James, Phil Sollenberger, Pat Perkins, Jeanette Carley, Carmen Arquette, Jeanne Swenson, Mary Jo Patterson, Janice Johnson, Jean Clarke, Nema Brandon, Ann Warr, Carol Vingley, Emma Downey and Fran Thompson.

The cake was served by Mrs. W. H. Shelton. Fruit punch was served by Mrs. Millard Hurley of Poteet. A crystal platter held pink and blue chicken sandwiches. A white tree branch full of spring blossoms held the cradle in the tree top. A corsage of colored balloons was pinned on the honoree and as each balloon was pierced, it unfolded a clue for the gifts.

Devine Senior Girls Feled At Tea

DEVINE — Mrs. Tete Parker, Mrs. J. B. Harrison and Mrs. Dave Webb honored the Senior girls of Devine High with a tea in the home of Mrs. Parker.

Seventeen Seniors and a few guests were present. The serving table was laid with a lace cloth and held a centerpiece of spring flowers. The cake was decorated with a school house motif and the punch was yellow and contained floating green and white sherbet.

Entertainment included two musical selections by Pat Meeks and two others, Sidney Sims sang and accompanied himself on the guitar for two numbers. Mrs. Hartley Howard sang and played on the accordion and Helen Bain Martin, dressed as a Negro mammy, gave a talk on college days.

TOMAHAWKS TRIP CARDINALS

CASTROVILLE — Let by the hitting of Billy Perales, and Joe Hernandez and the "three hit" pitching of Mike Perales, the Castroville Tomahawks whipped the D'Hanis Cardinals Sunday 4-0.

Perales banged out 3 for 4 and Hernandez got a single and a high, tremendous 3 run blast over the left-center field fence, some 350 feet away from home plate. The Cardinals, started the ninth by loading the bases with two outs, but Perales managed to preserve his shutout. The Tomahawks scored one run in the sixth and three in the seventh.

Glenn Garrison Has Birthday Party Saturday

Eleven boys and girls helped Glenn Garrison celebrate his sixth birthday Saturday afternoon. Glenn's party was held at the ranch home of his parents, Mr. and Mrs. Marcellus Garrison. The children played games on the breezeway. Glenn opened his presents and refreshments were served. Chocolate iced cupcakes, each holding an individual candle, were served with ice cream and fruit punch. The children were given Indian hats and favors.

Donning their hats, they had a war dance around an Indian pinata and each child had a turn at breaking it. Rides on a Mexican burro was another feature of the party.

Mrs. Garrison was assisted at the party by Mrs. Jim Jordan.
